Dear Sir/Madam

RE: CUR CLIENT: LARA JOHNSTONE

We refer to our telephone conversation this afternoon and confirm having advised that we act on behalf of Lara Johnstone in the matter wherein she has been referred for observation at your hospital.

Her mother has informed the writer that she attempted to make contact with our client but was advised that our client has been placed in isolation or solitary confinement.

We would be pleased if you would advise us per return fax whether this is the case and what the reasons are for so confining her.

We may mention that our client was out on bail and voluntary attended court on 21 August 2002 and was then further released and requested to report the following morning to the police at George in order to be taken through to Lentegeur. All this was done on a voluntary basis. This can be confirmed with the Senior Prosecutor at George Mr Redelinghuys (Tel. No. 044- 8025838).

We await your urgent response.

Yours faithfully

OLIFF D'OLIVEIRA
